Strategies has improved outcomes for a wide range of organizations through a set of leveraged consulting activities tailored to meet the unique needs and harnessing the unique assets of each individual client.

Nonprofit clients include human services, education/training, health, recreation, environmental, cultural organizations. We have provided assistance to city, county, regional, and state units of government. We have initiated services to community-conscious businesses.

For work samples, please review our [Featured Projects](#) and [Client Project List](#).

We are happy to share details regarding smaller projects, such as retreats and training events, and information on pricing our consulting activities. Please contact us.
